

# Advent

MOMENTS

When you know there's more to life than what the mind can prove or the heart can feel,  
remember the Mystery who came to dwell among us.  
When you cherish your loved ones and relish their presence,  
remember the Friend who enjoyed being welcomed.  
When you fill with gratitude for the surprising ways your life is enriched,  
remember the Giver of All Good whose abundance never ends.  
When you join your voice in Christian song and celebration,  
remember the birth of Jesus who gave us a glimpse of the Holy.

O Christ, ever ancient, ever new, you came and lived among us. We learn so much from your life and your teachings. Remind us now of the unlimited dimensions of your love as we celebrate your birth. We embrace your coming among us. We open our hearts with wonder and gratitude. May your unconditional love live on through us. Amen.

*Let the Star of Joy dance in the corners of your heart  
that have forgotten to sing.*
